### About TEDx, x = independently organized event

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TEDTalks video and live speakers combine to spark deep discussion and connection in a small group. These local, self-organized events are branded TEDx, where x= independently organized event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized. Details about speakers can be found at [www.tedxmanhattan.org](http://www.tedxmanhattan.org)
